CHANGE OF RULES:

There had been no notification of any rule changes 28 days prior to the AGM.

Peterborough asked whether medley relays could be introduced into the Senior League programme. As this was technically not a change to the rules it was agreed the programme could be changed at this meeting.

Peterborough explained that the reason was that currently 10-year swimmers are travelling to swim in one relay whereas by introducing medleys they would have two swims. As swimming up is allowed it is not such a problem for the older age groups.

The extended length of galas was thought by some to be a problem. It was pointed out that smaller clubs that were unable to field a team for the current 10-year relays would lose points for two events instead of one. One solution would be to combine relays by boy/girl or by age groups.

After discussion it was proposed that combined 10/U & 12/U (two of each) and combined 14/U & Open (two of each) for both male and female be introduced making a total of four extra relays. This would be reviewed at the next AGM.

This was put to the vote and by was carried 4 votes to 1.
